AGENDA
Plan Form Meeting #2
August 1, 2018  6:00 P.M.

1. Civic Spaces/Places Update

2. Project Schedule

3. Visioning Meeting and Mapping Activity
   - Summary of Visioning Meeting
   - Online Engagement Opportunity
   - Mapping Activity (see instructions on back)

For up to date information on the Community Plan please visit
www.grandviewheights.org/growingontradition
The above map is a summary of all the input we received during the visioning activity at the June 27, 2018 public meeting. Each of the 13 districts has a summary of the comments that were made for that specific area. Notations have been made on the map to reflect comments regarding neighborhood and pedestrian connections, community gateways, roadway improvements, and potential locations for new parks or open spaces.

We are asking you to review the map in detail (full sized version included for readability) and to record your thoughts and ideas. Examples include:

- What comments or ideas are missing?
- Do you disagree with any of the comments or notations?
- Are there other areas that need better pedestrian connections?
- Are there other roadways that need beautification or streetscape improvements?

A comment form is provided for you to record these ideas. Plan on leaving this comment form at the meeting so we can review and process all of your suggestions!

Your input is valuable in shaping the vision for Grandview’s future! We appreciate your time and commitment to this project!
COMMENT FORM

Use this form to record any ideas or suggestions you have on summary map. Leave this form at the meeting!
Grandview Heights, Ohio
Plan Advisory Group Meeting
August 1, 2018

Visioning Activity - Summary

• Grandview Heights has been divided into 13 districts each with a distinct character, development pattern, or use.

• Each district is displayed on a separate board around the room.

• Each board will have a map of the district, pictures, and the following discussion questions:

  1. What are the successful businesses/uses/elements within this district?
  2. How can this area be enhanced or improved?
  3. Year 2050, how do you see this area contributing to the civic life of the community?
What are the successful businesses/uses/elements within this district?

How can this area be enhanced or improved?

Year 2050, how do you see this area contributing to the civic life of the community?
Grandview Heights Community Plan | Visioning Activity

The City of Grandview Heights is currently in the process of updating their community plan. This process aims to work collaboratively with residents and community stakeholders to create a common vision for Grandview Heights. The goal of this visioning activity is to obtain specific input and ideas on how the community should grow and evolve. This input will inform future recommendations and guiding principles for the City.

The City has been divided into 13 districts each with a distinct character, development pattern, or use (as illustrated in the below map). Three discussion questions are provided for each area. Please review and familiarize yourself with each district and record your thoughts and comments on each discussion question. Feel free to answer some or all of the questions. Your input and guidance will be used to inform and guide the planning process, so be as specific as possible.

Section 2 of this survey presents an overall civic framework for the City. Please review this and provide any comments that you may have on this map.

Section 3 provides you the opportunity to record any additional thoughts or comments that you may have on the Community Plan and the Civic Spaces and Places Plan.

Thank you for taking the time to participate in this activity! Your input is invaluable and will help shape the future of Grandview Heights. For more information on the planning process please visit https://www.grandviewheights.org/growingontradition
Area #2: Mckinley Field Park / East Goodale Blvd

What are the successful businesses/uses/elements within this district?
Your answer

How can this area be enhanced or improved?
Your answer

Year 2050, how do you see this area contributing to the civic life of the community?
Your answer
“Grandview Heights: Growing on Tradition” is a community planning process for the City of Grandview Heights. This process aims to work collaboratively with residents and community stakeholders to create a common vision for Grandview Heights and drive our community forward. We will keep https://www.grandviewheights.org/growingontradition updated with the latest news on this process.
